Selection and award criteria

21. **Selection criteria:**

Same criteria for legal and natural person.

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

1) Economic and financial capacity of candidate:

In the case of the applicant being a public body equivalent information should be provided:

1. the annual turnover of the candidate for the years 2007, 2008 and 2009 (2008 is considered to be year before last and 2009 is considered to be last year) must be equal to or exceed 250 000 EUR;
2. the cash and cash equivalents of the candidate at the end of the years 2007, 2008 and 2009 are positive.

2) Professional capacity of candidate:

1. at least 5 staff members currently work for the candidate in the field of marketing and public relations;
2. at least 20 % of all staff working for the candidate this year in the field of marketing and public relations are permanent.

3) Technical capacity of candidate:

1. the candidate has worked successfully on at least 3 public relations projects related to environmentally sensitive projects in the years 2007, 2008, 2009 and 2010 (all projects must have been completed until the deadline for receipt of applications, point 23 of procurement notice). At least 1 of these projects must have involved public relations related to construction of solid waste facilities;
2. the projects must have been implemented in some of the eligible countries: EU Member States, Member States of the European Economic Area, Albania, Bosnia and Herzegovina, Croatia, the former Yugoslav Republic of Macedonia, Montenegro, Serbia, Turkey and Kosovo under UNSC Resolution 1244/99;
3. the projects must have been with a budget (own contribution) equal to or exceeding 350 000 EUR.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be re-examined to identify the 8 best applications for the tender procedure. The only factors which will be taken into consideration during this re-examination are:

- 1) the total number of projects managed by the candidate according to criterion 3;
- 2) in case of competition between 2 or more candidates having the same number of eligible projects, the candidates will be ranked in descending order according to the total amount of their own contribution to the eligible projects.

22. **Award criteria:**

Best value for money.
